

Corporate Analyst

Company Overview

NEO Energy is an independent full-cycle energy business in the UK Continental Shelf (UKCS). We combine value creation from the prospective North Sea basin with our commitment to be a responsible and efficient business. We operate a high-quality asset base with significant scope to grow production organically by extending asset life. Our ambition is to be one of the top five producers in the UKCS, with a target of 100,000 boepd in 2022 and continued growth beyond.

Job Overview

This role is to provide support to the Head of Strategy Execution in delivering objectives. The Corporate Analyst will have broad involvement in strategy and financing related workstreams. Based in the head office, the role will work closely with the Head of Strategy Execution and will also support other executives when required.

Reporting To

Head of Strategy Execution

Roles and Responsibilities

- Support strategy analysis, peer benchmarking etc.
- Maintain financing models and lead sensitivity analysis;
- Assist with reviewing financing documentation;
- Ensure information requirements to funding providers are satisfied;
- Coordinate presentations – executive summaries, corporate presentations, Board materials;
- Assist with any special projects e.g. supporting M&A related work;
- Support senior executives on ad-hoc projects, analysis and presentations

Key knowledge and experience

- Strong Excel and PPT skills essential;
- Solving complex problems using detailed modelling skills;
- A good understanding of the E&P value chain and profitability of an E&P company would be beneficial but not essential;
